

HOW MUSEWORX HELPS YOUR BUSINESS GROW, MAKE MONEY, AND INCREASE PRODUCTIVITY

Create New Business and Customers

- Competitive edge
MuseWorx Custom Portfolios gives you a competitive edge with all your bids and proofs. Make it easy, simple, and fast to work with clients.
- Meet the specific needs of clients
Show new prospects the specific talent you have for their specific job using Custom Portfolios.
- Easy and professional
Custom Portfolios is easy and professional for your clients. They do not have to purchase anything. Your work is automatically converted and delivered.
- Unlimited project portfolios
Create a new portfolio for every client, every type of client, and every area of your expertise. No limits. Show the right work all the time.
- Deliver your work and your bids faster
Get your work delivered to your clients right away and never miss a deadline. Faster turn-around shows you can deliver on client demands. Beat the competition.
- Get hired again
Be more responsive to clients than your competitors so they'll want to hire you again. Quickly show just what they want to see, and show edits and changes faster using Instant Share.

Keep Your Customers – Make Work Simple and Fast

- Make it simple for clients to work with you
Give your clients simple, fast file sharing, and easy online collaboration. Clients like simple, easy ways to work with providers. Use Collaboration and Share Files.
- Access your work from anywhere
Never lose business because you are traveling and cannot get the right file delivered to the right place on time. Use MuseWorx Mobile and Instant Share.
- Deliver work faster
Quickly show just what you want your clients to see, and then show them edits and changes faster. Use Collaboration and Share Files.
- Instant Feedback
Make it simple and convenient for clients to view work, give feedback, and make approvals. Use Collaboration and Share Files to record feedback and approvals instantly.
- Avoid huge, costly mistakes, embarrassment, and emergency rework
Avoid client miss-communication on important comments, and final work approvals. Record all

comments and approvals, and track where you and your client are in the work process. Use Collaborate and Share Files.

- Avoid Missed Deadlines
Eliminate common email and FTP problems of delivering large files on time. Also avoid file compatibility problems, and the hassles of not having the required software. Send your work using MuseWorx Send and Share Files.
- Avoid frustrating your clients
Remove the added burden to your clients of complex ftp systems, file sharing instructions, software requirements, login confusion, and other technology challenges. Use MuseWorx Send and Share Files.
- Don't guess, track your work
You do not have to worry if your client received your work, if they looked at it, made comments, or approved it. Track your work with MuseWorx Track My Files and make completing each job simple.
- Stop wasting your client's time
Stop the endless time consuming cycle of sending work back and forth for reviews and edits. Collaborate online and speed up the work process 5 to 10 fold over conventional "meet and review" or "mark it up and send it back" methods. Use Collaborate and Share Files.
- Protect your work
Your work is valuable. Protect your files documents and digital assets - and all your client work – with MuseWorx Backup My Files.
